Lee Medical, Inc. Announces Name Change to LifelineV, Inc.

Nashville, TN— September 3, 2019 — Lee Medical, Inc. announces the company is changing its name to LifelineV, Inc..

“Our company is entering an exciting phase of growth,” said Michele Lee, the company’s President & Chief Clinical Officer. Ms. Lee continued “after over 20 years of servicing healthcare facilities in middle-Tennessee, we are embarking on an aggressive growth plan that will see the company move in to multiple southeastern markets over the next 24 months. Changing our name to LifelineV, Inc. reflects the fact that we are vascular access specialists and that we provide five core services”. The five core services are Peripherally Inserted Central Catheters, Mid-Line Catheters, Peripheral IVs, Vascular Access Consults for difficult patients, and Vascular Access Education for clinical staff.

About Lee Medical / LifelineV, Inc. – since 1992, the company has provided vascular access services to hospitals, Long Term Acute Care Hospitals , Rehabilitation and Skilled Nursing Facilities, Infusion Clinics and Physician Practices. The company currently provides vascular access specialist services to 75 healthcare providers in the middle Tennessee market.
